## **BACKGROUND**

A developer has proposed to demolish the Home for Little Wanderers building and build a 4-5 story high, 196-unit luxury apartment complex at 161 S. Huntington Ave. The proposal will be voted on by the Boston Redevelopment Authority on Thursday, October 18.

## **YOUR VOICE**

The BRA has hosted two community meetings about this project to date. The JPNC is hosting this additional community meeting to ensure that the community has had a full and fair opportunity to express their support for or opposition to the project before the BRA makes its final decision.
